

BUSINESS INFORMATION TECHNOLOGY, TECHNICAL DIPLOMA

This program is designed to provide students with the skills and training necessary to sit for and successfully complete a variety of Microsoft Certifications. These certifications will enable students to gain employment in IT and Business Administrative fields. According to Microsoft, on average, certified employees earn 15% more than those without a certification, are nearly 20% more productive, and have longer tenure. Certifications range from administrative, covering all aspects of Microsoft Office, to IT support functions, covering operating system maintenance and coding.
