

# GENERAL STUDIES

---

General Studies is a springboard into a future baccalaureate degree, offering fundamentals in a wide array of core disciplines such as humanities, mathematics, and sciences.

**Available Programs:**

- Certificate of General Studies
- Associate of General Studies

This program offers those who are undecided on a major the freedom to sample all academic fields while simultaneously earning credits that typically transfer to four-year institutions. In addition to General Studies, Nunez offers designated Louisiana Transfer Degrees (<https://catalog.nunez.edu/programs/louisiana-transfer-degree/>).

The Certificate of General Studies can also serve as a credential of college-level general education credits in line with the first year of an associate degree program.
