

INDUSTRIAL MAINTENANCE TECHNOLOGY, TECHNICAL DIPLOMA

This program prepares individuals to apply technical knowledge and skills to keep a building functioning and to service a variety of structures including commercial and industrial buildings and mobile homes. The program includes instruction in the basic maintenance and repair skills required to service building systems, such as air conditioning, heating, electrical, major appliances, and other mechanical systems. A total of 45 credit hours are required to complete this program with a minimum of 15 credit hours in one discipline area. Students must complete each course with at least a grade of "C". Twenty-four (24) credit hours are required in residence.
