

INSTRUMENTATION TECHNICIAN

The **Instrumentation Technician** Program provides classroom and hands on training that allows students to develop the knowledge and skills to successfully perform the tasks required of an entry level Instrument Fitter and Technician.

Instrument Fitters and technicians perform key installation and maintenance functions across several industries and are trained in piping, tubing, fasteners, and working with metal production. Instrumentation technicians and fitters have to be familiar with electrical systems, craft-specific drawings and must be experts in the hand and power tools specific to their trade.

Career and Technical Certification in Instrumentation Technician:

- Instrumentation Skills.
